MONTPELIER

People's Evangelical Society is to Erect a New Church.

The members of the People's Evangelical church are to have a new edifice in the not too far distant future. At the third quarterly conference held Saturday evening, Rev. D. F. Burns of Boston, presiding, it was clearly apparent that at the present rate of progress the congregation is rapidly outgrowing its present quarters at the corner of Northfield and Berlin streets and if the steady increase continues the new building will be needed shortly. It is probable the Rev. W. W. Laito, the pastor, and the committee in charge will select a down town site.

The present church has not been built many years but under the efficient pastors has forged ahead until its members have an industrial standing. It is planned to have the other edifice, if erected, larger and more commodious in every way, and its erection will be a step forward for the society.

Miss Annie Normandin left yesterday for St. Paul's Bay, Quebec, where she will join the Sisters of the Franciscan order, serving probation before taking the final vows. Miss Normandin has been employed by the S. S. Ballard office and was a most efficient clerk, making many friends who regret her departure from the city but wish her all success in her new work.

The funeral of Olive, the two-year-old daughter of Mr. and Mrs. I. E. Springer was held yesterday morning from her late home on Barre street and interment was in Green Mount cemetery. The little child had been ill for six weeks with heart trouble which caused her death Saturday. She was a lovable little child whose death is a great blow to her parents.

Fred Nutting, Jr. of Quincy, Mass., is trying to ascertain his parents' name. He has written a post card to the State House, Montpelier, Vt. He wants to find his relatives. He was born in Vermont, July 12, 1891 and adopted in the same year by Mr. and Mrs. Fred A. Nutting. He would like to find out his mother's name and he thinks her name was Sheline but wasn't sure. He lives at 58 Nightingale street, Quincy, Mass.

RANDOLPH

Mrs. M. D. Wells of Cabot was the guest of Mrs. L. Alice Fisher over Sunday.

Salisbury's mill is shut down for a few days for repairs on the boiler and other improvements.
Mr. and Mrs. Sumner French of Stockbridge were guests over Sunday of Mr. and Mrs. S. S. Whitcomb.
Mrs. B. E. Nickerson and daughter, Marion, passed Sunday in East Granville the guest of her sister, Mrs. Leslie Dickerman.

James Rand came home from Norwich university on Monday, he having been ill for several days and not able to continue his studies.

A daughter was born on Sunday at the sanatorium to Rev. and Mrs. F. A. Wells, pastor of the federated church at Randolph Center and wife.

Mrs. Fannie Lewis, who has been passing several weeks with her daughter, Miss Desale Lewis, principal of the Royal academy, is again in town.
The remains of Mrs. Timon Morse of Worcester, Mass., were brought here on Monday night and placed in A. F. Lamb's undertaking room. On Tuesday afternoon they were taken to the vestry of the Methodist church where funeral services were held, the Rev. J. W. Hamilton officiating. Mrs. Morse was half-sister of John F. Kimball and for many years was a resident of this town their last place of residence being in the village of Mendon. Mrs. Morse is survived by her husband, Almon Morse, and one son about fifteen years of age.

TUNBRIDGE

Mrs. M. J. Ballou was unable to be out last week.

The furnace is being placed in the town hall and mason work attended to this week.

Mr. and Mrs. Orson Whitney returned Friday from a several months' tour of western and central states.

Charles H. Ordway has rented the Tunbridge House and will be pleased to entertain the public after December 1st. Auctions are quite the style just now at residence of the late Fred Northrup, yesterday; on Saturday to be at home of late Wm. G. Moses, and also farms and stock of Charles L. Clark.

How Is Your Digestion?

Mrs. Mary Dowling of No. 228 8th avenue, San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market to-day." This great tonic and alternative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c at Red Cross Pharmacy, Rickert & Wells' drug store.

Meeting of the Board of Civil Authority for the Abatement of Taxes.

A meeting of the board of civil authority for the purpose of abating taxes will be held in the city court room, in the city hall building, in the city of Barre, on the evening of Thursday, Nov. 5th, 1908, at 7 o'clock p. m.

Per order of the Mayor,
James Mackay, City Clerk.

J. L. ARKLEY'S

Livery and Feed Stable

The reason why people like to put their teams up at Arkley's Livery is this: Their horses are ALWAYS unharnessed and taken care of, their wagons are never left out in the rain and their horses are ALWAYS fed when so ordered, it being just a short distance from Depot Square where it is quiet, convenient and with a clean waiting room for ladies to wait in, and everything done for the comfort of patrons and horses Tel. 150. Don't forget the place.

THE ONLY WAY

Many Barre Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, lameness, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys and cures these troubles. Doan's Kidney Pills owe their world-wide fame to the fact that they cure sick kidneys and cure them permanently. Follow the example of this Barre citizen and you will be convinced that this is so.

Mrs. Eliza Mitchell, 42 Maple avenue, Barre, Vt., says: "I was subject to attacks of kidney complaint for some time. The passages of the kidney secretions were too frequent and I also had terrible pains in my back and hips. I had tried pills and any cold I caught was sure to make the trouble worse. My son had seen Doan's Kidney Pills and been so greatly benefited by them that I decided to give them a trial. I got a box at E. A. Brown's drug store and had taken but a few doses when I experienced relief. The pains in my back gradually diminished, the kidney secretions became more regular and my general health was improved. I consider it a pleasure as well as a duty to make the value of this remedy known to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-McIlhenny Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

INEXPENSIVE HOG COT.

Easy to Build and Fulfills All the Requirements.

This convenient hog cot is constructed by nailing inch boards on six joists 2 by 4 inches by 8 feet long for the floor. Beneath the joists are nailed three stringers 2 by 6 inches by 8 feet long, which serve as runners for moving the house. Next is spiked a piece 2 by 8 inches 9 feet 4 inches long at the ends of the joists, having the bottom of the 2 by 8 even with the bottom of the joist, which will allow it to project above the floor three inches. It will also extend out seven inches at each end. This 2 by 8 forms a plate to which the rafters and roof boards are nailed. The seven inch extension of the plate at the ends supports the lower corners of the roof, which otherwise would be easily split off. These 2 by 8's, besides strengthening the house, raise the rafters and roof boards nailed to them at least three inches off the floor and thereby materially increase the floor space and the capacity of the house.

If the house is to be used in extremely cold weather an easily manipulated door is necessary. The cot shows a door two feet wide and two feet six inches high, made to slide up and down and held in place by cleats. It is suspended by a rope which passes through a pulley at the top and is fastened to a cleat at the side near the roof. The cot also shows two iron eyes, bolted into the front joist of the building, to which the hitch is made when the building is moved.

A rear door, identical in size with the front door, is held in place by cleats nailed across it on the inside and by buttons fastened on the outside. This door is not opened regularly, but provides ventilation in summer and aids in handling sows at farrowing time. Above the rear door is a small sliding door 8 by 12 inches to the roof.

Lumber required: Nine pieces 1 by 12, sixteen feet long, and eleven battens sixteen feet long for roof; five pieces 1 by 12, fourteen feet long, for ends; one piece 2 by 4, ten feet long, for ridge; two pieces 2 by 8, ten feet long, for plates; seven pieces 2 by 4, sixteen feet long, for rafters and braces in frame; three pieces 2 by 6, eight feet long, for stringers, and four pieces 1 by 12, sixteen feet long, for flooring.

Tools for Sewing Room.
No one can accomplish good results in any kind of work if she has not the proper tools with which to work. If the sewing room is furnished neatly and comfortably twice the amount of work can be accomplished. One of the absolute necessities for every sewing room is a small kitchen table painted white. Into the drawer may be put scissors, chalk, tape measures and other small articles that are indispensable in the sewing room. This table can be used to lay the goods on while cutting out garments, and it will be found a great help when it comes to basting seams and hems of skirts and other garments.

The sewing room should be furnished with a low chair for use when at the sewing machine, as a high chair is most uncomfortable, making one lean over and strain the back. A large mirror also is necessary, for when one is fitting one's own clothes this will be found most convenient. A great many steps will be saved if a roomy waste-basket, a dustpan and broom are also kept handy.

Care of the Hands.
This is the time of year to commence taking care of the hands to make them less susceptible to chapping, etc. Each night before retiring rub into the hands some cold cream (lard will do as well) to remove all the grime that
